

Math 20-2

Mr. S. Carlson
Room 207
scarlson207@gmail.com

Goals

In Math 20-2 you will

- ✓ Prepare for success in Math 30-2.
- ✓ Use mathematics, especially algebra, to model real life.
- ✓ Improve your problem solving and logical thinking skills.
- ✓ Improve your ability to communicate mathematics.

Assessment

Your mark will be determined by your performance on quizzes, assignments and exams. All your unit exams will be cumulative. Your final mark will be determined as follows

Unit Exams:	50%
Assignments:	20%
Final Exam:	30%
